Continuous Collapsing at Bacon Rind

Bacon Rind Southern Madison 2/11/2024 Code Latitude 44.96090 Longitude -111.10000 Notes

From obs: "We got the same feedback that Dave and Doug did on 2/5/24 - collapsing every time we stepped out of the skin <u>track</u> or turned with any force, as well as a few sizable collapses triggered from inside the skin <u>track</u>. Very touchy, skied very well. Stayed well away from avy terrain."
